

## *Sponsorship Opportunities*

The Environmental Managers Association of BC is a **not-for-profit association** with a mandate to provide educational experiences and networking with the goal of sharing environmental concerns and solutions. The EMA of BC fulfills its mission by organizing a variety of events including **speaker sessions, facility tours, annual workshops, and recognition events**. As well, the EMA of BC website addresses timely environmental subjects and reports the news of the association. The EMA of BC also pools its resources to **sponsor a student** enrolled in post-secondary environmental studies, and **donates to a local non-profit organization** involved in environmental stewardship (i.e. the Concrete Deliverable).

The EMA of BC has been fortunate to receive funding from like-minded sponsors who have been very generous in supporting the association and assisting it in fulfilling its mission. Sponsorships are usually from member firms, but have occasionally been sourced from non-member firms or organizations. In order to provide a fair opportunity for member and non-member firms to be recognized for their support of the EMA of BC, this **list of potential sponsorships opportunities is available to members and is also on the EMA website** so firms may select the most appropriate sponsorship opportunities for participation. The EMA of BC board of 20 volunteer directors appreciates every contribution, and they match those contributions through their hours devoted to making the most of our resources and meeting our association goals.

The association appreciates and encourages your sponsorship as a way of giving back to the community, our industry, and our colleagues with whom we share our mission. Thank you from everyone at the EMA of BC for your sponsorship consideration.
