

Storage Tank Regulations – March, 2018 - Information Sessions:

Focused on 2017 Amendments - with an Overview

STORAGE TANK SYSTEMS FOR PETROLEUM PRODUCTS AND ALLIED PETROLEUM PRODUCTS REGULATIONS (the Storage Tank Regulations)

The Storage Tank Regulations were amended in June, 2017.

This is your opportunity to connect with us about recent Amendments to the Regulations - which may relate to your Storage Tank System.

The Storage Tank Regulations apply to new and existing storage tank systems under federal jurisdiction, including those:

- operated by a federal department, board or agency, or belonging to Her Majesty in right of Canada;
- operated to provide a service to, or belongs to, a federal work or undertaking that is:
 - (i) a port authority set out in the schedule to the *Canada Marine Act*, (ii) an airport within the meaning of the *Aeronautics Act*, or (iii) a railway;
- located on federal land or aboriginal land; or
- operated by a Crown corporation.

Note for Fuel Suppliers: Those that deliver petroleum products or allied petroleum products to storage tank systems under federal jurisdiction have specific responsibilities under the Storage Tank Regulations.

Information on whether these regulations apply to you can be found under the Tank Tip #2 tab on our Storage Tank web site: www.ec.gc.ca/rs-st.

Who Should Attend:

- owners • operators • fuel suppliers of storage tank systems subject to the Storage Tank Regulations
 - land owners or managers • environmental coordinators • operations and maintenance staff
 - fire protection and emergency response officials • consultants • service technicians
